OBJECTIVE

Aspiring Computer Science and Engineering graduate seeking an opportunity to begin a professional career in the IT industry and contribute effectively through dedication, adaptability, and continuous learning.

EDUCATION

Bachelor of Engineering — Computer Science & Engineering <i>CIT, Mandya Visvesvaraya Technological University</i> CGPA: 8.01 / 10.0	2025
Pre-University Course (PUC) <i>BGS SC PU College, Pandavapura, Mandya</i> Percentage: 78.5%	2022
SSLC <i>BUDS Foundation English Medium High School</i> Percentage: 85.12%	2020

INTERNSHIP EXPERIENCE

AI-Enabled MERN Full Stack Web Development Intern

Agasthya EdTech Private Limited

- Developed full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Integrated frontend and backend modules through RESTful APIs, ensuring seamless data flow.
- Worked with MongoDB for database management and data modeling.
- Collaborated on real-world project development and deployment workflows.

PROJECTS

Dynamic Urban Evaluation Routing Protocol — Enhanced VANETs

- Developed a machine learning-based routing protocol to improve route stability and communication efficiency in urban vehicular networks.
- Designed evaluation metrics to reduce packet loss and ensure low-latency vehicle-to-vehicle communication.

Movie Booking System — BookMyShow Clone

- Designed a backend system with JWT authentication, role-based access control, booking management, and analytics.
- Implemented MongoDB aggregation pipelines and full Mongoose schema design for scalable data handling.

Learning Management System (MERN Stack)

- Built a full-stack LMS with course management, enrollment functionality, and user authentication.
- Exposed RESTful APIs and applied middleware for efficient request handling and validation.

Portfolio Website

- Designed and deployed a responsive portfolio showcasing projects, skills, and professional achievements.
- Hosted on Netlify at sonika-6405.netlify.app; built from scratch without UI frameworks.

TECHNICAL SKILLS

Languages Java, JavaScript, Python, C

Frontend	HTML, CSS, React.js, Responsive Web Design
Backend	Node.js, Express.js, RESTful APIs, JWT Authentication, RBAC
Database	MongoDB, Mongoose, Schema Design, Aggregation Pipelines
Tools	Git, GitHub, VS Code, Postman, Netlify

CERTIFICATIONS

- AI-Enabled MERN Full Stack Web Development internship — Agasthya EdTech Private Limited
- Certified in C Programming — QSpiders
- Workshop Certification in Python
- Certified in Basic Computer Skills — Dream and Dream Institute

ACHIEVEMENTS

- Developed multiple full-stack and backend-focused projects using modern web technologies.
- Successfully deployed a personal portfolio website showcasing technical projects and skills.

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
